

Team Continuum Sponsorships

Crossroads
Continuum

Bike to the Beach is a 100-mile bike ride from Boston, MA to Newport, RI that raises money for autism organizations. For less experienced riders, there are 25-mile and 60-mile options as well! No matter the distance you ride, there's a community of support from start to finish, including several families from our Crossroads Continuum community.

Since 2015, Crossroads Continuum has been riding in Bike to the Beach and we've received more than \$200,000 thanks to our riders' incredible fundraising! In 2022, we had more than 20 riders on our team and expect even more this year.

We invite you to support our mission and enhance the ride experience as a Team Continuum Sponsor!
