

ELEMENTARY AND MIDDLE SCHOOL PROGRAM (Ages 6 to 14)

Building on skills developed during the early childhood education phase of learning, our Elementary Program is individualized for the continuing needs of the elementary-aged learner. IEP goals and objectives outline priorities for learning within state and federal curriculum requirements. Lead Special Education Teachers work with Board Certified Behavior Analysts (BCBAs) and Related Service staff members to design individual and small-group lessons across curriculum content areas. Students are then exposed to the most appropriate learning standards.

Every student and family deserve to experience being part of a school. Typical school experiences are a hallmark of the Crossroads learning experience. Field trips, thematic units, variety shows, and science experiments are just a few examples.

Crossroads School is a program of
